STREET ADDRESS (IF DIFFE	ERENT THAN MAILING ADDRESS)	CITY	ZIP CODE	
DATE (OR ANTICIPATED DATE	TE) OF COMPLETION DAYTIME TELEPHONE NUMB	ER EMAIL ADDRESS		
☐ YES ☐ NO  The property owner, primary contractor, civil or structural engineer, or architect has certified to the building department those portions of the project that are seismic retrofitting components, as defined by Revenue and Taxation Code section 74.5(b)(2).				
Section 74.5 of the Revenue and Taxation Code excludes from assessment that portion of an existing structure that consists of the construction and reconstruction of seismic components.				
In order to receive the exclusion, this claim form must be filed with the assessor prior to, or within 30 days of, completion of the project. All documents necessary to support the exclusion must be filed with the Assessor by the property owner not later than six months after completion of the project.				
The property owner, primary contractor, civil or structural engineer, or architect shall certify to the building department those portions of the project that are seismic retrofitting components, as defined by Revenue and Taxation Code section 74.5(b)(2). Upon completion of the project, the building department shall report to the Assessor the costs of the portions of the project that are seismic retrofitting components.				
For purposes of sect	tion 74.5			
technologies. (2) "Seismic retrofitt from structural o hanging objects strengthening or	ting components" means seismic retrofitting impro- ting improvements" means retrofitting or reconstra- r nonstructural components of any building or stru- , and building cladding that pose serious danger r providing the means necessary to resist seismiture during an earthquake, so as to significantly redi	uction of an existing icture including, but r. "Seismic retrofittir c force levels that v	g building or structure, to abate falling hazards not limited to, parapets, appendages, cornices, ng improvements" also means either structural would otherwise be experienced by an existing	
safe ingress and not include altera performed on an 5 and 6 of the U (3) "Improvements of government as I protection of stru	It egress of building occupants during and immediations, such as new plumbing, electrical, or other a existing structure. "Seismic retrofitting" includes niform Code for Building Conservation of the Integration earthquake hazard mitigation technological being hazardous to life in the event of an earthquictures. These improvements shall use technological the California Building Code and similar seisminations.	ately after an earthq added finishing mat but is not limited to rnational Conferences" means improver uake. These improver gies such as those r	puake. "Seismic retrofitting improvements" does erials, made in addition to seismic-related work on those items referenced in Appendix Chapters e of Building Officials.  The ments to existing buildings identified by a local rements shall involve strategies for earthquake referenced in Part 2 (commencing with Section)	
THIS EXCLUSION EXPIRES UPON CHANGE IN OWNERSHIP OF THE PROPERTY.
