INSTRUCTIONS FOR COMPLETION OF SUPPLEMENTAL AFFIDAVIT FOR BOE-236

Housing — Lower-Income Households Eligibility Based on Family Household Income

The claimant (organization) must follow the instructions listed below. The claimant should provide each household living on the property with a copy of the attached form titled Lower-Income Households — Statement of Family Household Income. The organization's property will not be allowed the exemption unless the proper information in a completed affidavit, in duplicate, is provided to the Assessor.

FISCAL YEAR

The fiscal year for which an exemption is sought must be entered correctly. The proper fiscal year follows the lien date (12:01 a.m., January 1) as of which the taxable or exempt status of the property is determined. For example, a person filing a timely claim in February 2011 would enter "2011-2012" on line four of the claim; a "2010-2011" entry on a claim filed in February 2011 would signify that a late claim was being filed for the preceding fiscal year.

A. LIST OF QUALIFIED HOUSEHOLDS

The claimant must list on the affidavit the following information for only those lower-income households that qualify:

- (1) Home address, apartment number, room number, etc. Use two lines if there are two households at the same location, etc.
- (2) The number of persons claimed to be in the household (one household for each line item).
- (3) The maximum income limit reported by each household (this figure should agree with the income limit based upon the number of persons in the household that as printed on the affidavit).

NOTE: No **by line item** reporting is necessary for vacant room (areas), households that did not report, households that may not be lower-income, or for households whose incomes exceed the applicable income limits.

B. RECAP FOR ALL FAMILIES, ELIGIBLE, AND INELIGIBLE

The claimant must complete the "Recap" section of the affidavit for all households, eligible and ineligible, by entering:

		Example
(1)	The total number of households	100
(2)	The number of low-income qualified households (one for each line item completed in B, above)	40
(3)	The total area of the building(s) (square feet)	150,000
(4)	The area of qualified low-income households (square feet)	75,000

C. EXEMPTION CALCULATION

The claimant must complete the Exemption Calculation section and enter the percentage of property value eligible for exemption on the appropriate line.

The exemption calculation percentage is computed by:

- (1) Entering the total number of households occupying the property (in the example the number is 100).
- (2) Enter the number of lower-income households occupying the property (in the example the number is 40).
- (3) Dividing the number in B(4) above (75,000) by the number in B(3) (150,000) to obtain the percentage of value of property eligible for exemption: 75,000/150,000 = 50 percent.
